**Rates** - Prices Listed Above are the 2017 Bridal Rates For On Location Pricing! If you plan on coming to Chroma Salon, rates are reduced by \$10-\$15 per service.

**Deposit/Booking Fee** - When booking for your wedding/wedding party, I require the brides total estimated service as a non refundable deposit. (It also keeps me from having to chase you down on your wedding day! haha) I require that you sign and date the bottom of this form when booking your wedding. You can either email it over or give me a hard copy to file.

**Bridal Party Details** - 3 weeks previous to the Wedding, I need to have all details of the schedule along with a definite head count of all girls getting services along with which specific services they are opting for.

**\*\*THIS NUMBER IS FINAL\*\***

I bring assistants/extra stylists according to what we will need staff wise based on this number. IF the number changes day of, the bride is responsible for the estimated difference in cost unfortunately. I recommend that brides take payments from their bridesmaids ahead of time so it can be payed as one lump sum and no one gets screwed over, but I can take Separate payments day of for each individual persons service.

**Payment** - We take cash and all credit and debit cards.

**Staffing** - I bring my assistant under my cost, but if your number exceeds 6+ services needed, I bring another stylist/makeup artist. If the number is greater than 10 services needed, I will add on a 3rd stylist/makeup artist. For each extra stylist/makeup artist needed, there is a \$15 fee. I contract out makeup artists and hairstylists based on your needs and desires! I have a ton of connections, but the makeup prices listed above are my own. If you want an artist who will honor that same price point, I have girls I can contract for that as well. Some of the artists I work with for makeup are a tad more expensive than my prices just to be clear.

**Trial** - A wedding trial for Hair and/or Makeup is a 100% necessity. I will not do a wedding without having done a trial! I recommend the trial is done a minimum of 1 month previous to the wedding date. Trial is done at Chroma Salon and costs \$60 for hair \$50 for Makeup. During your appointment we can change and play with your look as many times as desired so that you are confident you will look perfect on your day!

**Travel Fee** - I only charge a travel fee if your wedding is outside of my range of mileage. That fee depends on how many extra miles (because of the extra time) I am going and will be discussed upon your booking date. It is not a large fee at all, just enough to cover extra gas and time. I cover almost all of VA Beach without extra fees included, but here are just a few popular areas that cost a tad extra because of extra travel time:

- Sandbridge
- Deep Pungo/Blackwater
- Suffolk
- Williamsburg

**Makeup Details** - Bridal Makeup day of also includes me giving you a brand new tube of the gloss or lipstick used on you for retouches throughout the night, along with a small tube of mascara.

If you decide to go forward with booking your appointment, please contact my staff at Chroma Salon via phone call or Text, or feel free to email me. We look forward to taking care of you on your Perfect Special Day!!

Sincerely,
